## About ICICNCT-2025

The International Conference on Intelligent Communication Networks and Computational Techniques (ICICNCT-2025) serves as a premier platform for researchers, academicians, industry professionals, and students to exchange and discuss the latest advancements, innovations, and challenges in the fields of Communication, networks and computational techniques. This conference will provide a forum for presenting cutting-edge research findings, methodologies, and technologies and will address the emerging trends, challenges, and opportunities in intelligent communication and computational networks. This conference aims to promote interdisciplinary research and collaboration across diverse domains and will also facilitate networking, mentorship, and professional development opportunities for participants at all career stages.
