**Time of event:** 10:00 AM

**Activity Location:** Ashtoor and Tajlapur village

## **Objective of Program:**

1. To bring awareness to keep surrounding clean among community people residing at Ashtoor and Tajlapur village
2. To limit the use of plastic, making them aware how harm it does to the health of not just humans also creating choking problems in animals
3. Encourage cost effective and appropriate technologies for ecologically safe and sustainable sanitation

## **Importance of Swachh Bharat Abhiyan:**

Encouraging them to limit the use of plastic, making them aware about the harm it does to the health of not just humans also creating choking problems in animals. Also the adverse effect it causes to the nature. We emphasized that a single polythene requires 1000 years to decompose. We urged them to use paper bags or gunny bags instead of the polluting polythene bags.

We noticed toilets built in the villages were abandoned, or used as store rooms. So we promoted the ill effects of open defecation and the diseases caused by it like diarrhea and intestinal worm infections, typhoid, cholera, hepatitis.

## **Methods:**

Eradicate Open defecation (OD)

Waste Recycling and Composting
