Report

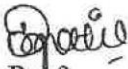

On

English (Language and communications skills)

Between the language and communication skills, there is a certain difference even though; the two skill sets go hand in hand. Language allows human communication through the structured use of word. In this sense, a language consists of a structured pattern. The proficiency that an individual has in language is vital because it allows him to communicate effectively with others.

Student encounters difficulties when interacting with others. This highlights that language skills are a pre-requisite for effective communication. To overcome from this problem English-II classes are arranged for B.E first year students.

English classes help the students for excellence presentation, oral communication, technical writing skill, time management & leadership qualities.

Report

On

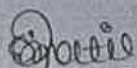

English (Language and communications skills)

Between the language and communication skills, there is a certain difference even though, the two skill sets go hand in hand. Language allows human communication through the structured use of word. In this sense, a language consists of a structured pattern. The proficiency that an individual has in language is vital because it allows him to communicate effectively with others.

Student encounters difficulties when interacting with others. This highlights that language skills are a pre-requisite for effective communication. To overcome from this problem English classes are arranged for B.E first year students.

English classes help the students for excellence presentation, oral communication, technical writing skill, time management & leadership qualities.

Report

On

English (Language and communications skills)

Between the language and communication skills, there is a certain difference even though; the two skill sets go hand in hand. Language allows human communication through the structured use of word. In this sense, a language consists of a structured pattern. The proficiency that an individual has in language is vital because it allows him to communicate effectively with others.

Student encounters difficulties when interacting with others. This highlights that language skills are a pre-requisite for effective communication. To overcome from this problem English classes are arranged for B.E first year students.

English-II classes help the students for excellence presentation, oral communication, technical writing skill, time management & leadership qualities.
